

AMUCT/Gen Sec/04/2013-14

Date:22-7-2013

Hon'ble Vice-Chancellor
Mangalore University
Mangalagangothri

Dear Sir,

**Sub: Request for setting right the irregularities in the revaluation of
Answer Scripts of Degree students.**

We wish to bring to your kind notice that AMUCT received three specific representations regarding erratic valuation and revaluation of degree answer scripts of III SS BBM (Marketing Management) and V SS BCom (Modern Marketing) pertaining to the exams held during Oct. 2012:

- 1) Ms. Keerthana, (Reg. no. 112240403) had secured 30/120 in Marketing Management of III SS BBM. Her average marks in III SS were 69.75%. On revaluation she got just 33 marks. She had obtained Xerox copy of her answer script and it was found that the first valuer had given zero or very poor marks for right answers and apparently the revaluer did not go through the script.
- 2) Ms. Nagaveni (Reg. No 101440234) had secured 44/120 in Modern Marketing of V SS BCom and was declared pass. Her average marks were 81.4% and she was the topper in her class. On revaluation she got 32 marks and result was declared fail.
- 3) Mr. Panju (Reg. No. 101440239) had secured 30/120 in Modern Marketing of V SS B.Com. His average marks were 81.4%. On revaluation he got 24.

The above three are clear cases where it is apparent that injustice was done to the students. There may be many more such instances which might have gone un-noticed. In the light of the discussions at the AMUCT AGM held

on 30th June 2013, we request you to consider our following appeals with earnestness:

- a) Assigning the work of revaluation to the lecturers of Mangalore University rather than to the lecturers of other Universities. For this purpose the University is required to identify a panel of reliable examiners in each subject in consultation with the Chairman of the concerned BOE.
- b) Entrusting the task of supervision of Revaluation to the Chairman of the concerned BoE on the lines of Central Valuation.
- c) Retaining the marks awarded in first valuation, in case the marks secured on revaluation are less than the marks obtained by the student in the first valuation. (Earlier, students were applying for revaluation for improvement of marks with the objective of getting a rank. Such students are scared now that if they failed, the chances of getting a rank is lost forever. The potential rank holders getting dissatisfied with the marks secured and failing in revaluation is only the latest development not older than three to four years ever since the papers were taken outside the University for revaluation). Otherwise, the students may be dissuaded from applying for revaluation and put up with whatever injustice that is meted out.

Please consider our request favourably.

Thanking you,

Yours
faithfully,

President, AMUCT

General Secretary AMUCT
